

FOR IMMEDIATE RELEASE

## SP Commerce to Sponsor Magento Imagine

*Leading commerce and fulfillment provider to exhibit at Magento's seventh annual conference*

**SAN JOSE, Calif., March 30, 2017** – SP Commerce, the leading provider of global commerce and fulfillment solutions and a Magento Enterprise Solutions Partner, is an exhibiting sponsor at Magento Imagine, which takes place April 3 through 5 at the Wynn Las Vegas.

This year's event is expected to bring together more than 2,500 merchants, partners, developers and commerce experts from more than 45 countries to network and exchange the latest ideas, technologies and strategies shaping the commerce industry.

SP Commerce specializes in eCommerce technology, fulfillment and logistics, digital services and customer care, serving as a single source for all of the eCommerce needs of brands and retailers.

Leveraging its end-to-end capabilities, pre-integrated technology stack and deep expertise in the retail sector, SP Commerce supports the expedited development and integration of multi-currency, multi-language websites on the Magento Enterprise platform across North America, Europe and Asia Pacific.

SP Commerce invites event attendees to [schedule a meeting](#) or visit its team at booth 214 in order to:

- Learn more about its **Magento development capabilities** as a part of its end-to-end eCommerce portfolio.
- Receive a demo of its **Cross-Border solution**, which enables seamless international shopping and shipping from anywhere to anywhere.
- Learn about its **Global eCommerce Market Expansion Playbook**, which serves as a roadmap for going global and expanding into new markets.
